

Owner Precision Jig Heads

This special series of jig heads feature an extra long shank. Longer shank allows for positioning the hook point closer to end of the bait fish or a twister tail providing much better hook sets than with traditional jig heads. The hooks are needle sharp providing fast penetration.

Owner "Precision"

Item No.	Weight oz / g	Hook Size
HO-GL1/0	1/8, 3/16, 1/4	3, 5, 7
HO-GL2/0	5/16, 3/8, 1/2	9, 11, 14

Jaxon Weedless

Jaxon has designed a line of jig heads for weedy waters. Chemically sharpened.
