

## Classic

HRT has crated an incredible variety of spinners to meet the needs of anglers form Europe to America. The spinners work excellent attracting predatory fish in streams as well as lakes.

## CM-Classic

One of our most popular spinner, designed to work in diverse situations. Blade rotation starts easy and doesn't stop even when retrieved very slow.

Wire made of the highest quality stainless steel from Sweden.

Blade made of silver or gold-plated brass. Rotation angle 45°.

Chemically sharp-ened VMC treble.

Pefrectly designed brass clevis.

Standard-weight, brass body, slim-shaped, red striped.
